

MELANIE INGLESSIS

Portfolio content & research brief

Prepared for the MB Studio concept site • 22 September 2026

Purpose. Replace all placeholder content in the existing portfolio template with a credible, current, source-backed presentation of celebrity makeup artist Mélanie Inglessis. This is a research/production document for Cursor, not copy to publish blindly.

Verification rule. Only items marked VERIFIED should be presented as factual. Do not invent project names, credits, clients, dates, awards, contact details, quotes, or image ownership. Source pages are provided so assets can be selected manually.

Important image rule. Use source pages as visual references. Do not hotlink third-party editorial images in production. For the private concept, download only assets you are comfortable using as a temporary mock-up and preserve visible/metadata credits where appropriate. A public launch would require proper rights/permission.

RECOMMENDED POSITIONING

Mélanie Inglessis
MAKEUP ARTIST
Los Angeles • Worldwide

The current template says “Director & Cinematographer” and uses FILM / MUSIC / VIDEO / ANIMATION. Replace that taxonomy. Best fit for this portfolio: **ALL / EDITORIAL / COVERS / RED CARPET / CAMPAIGNS / MOTION**. This mirrors the way her representation presents her work while keeping the existing template structure.

CORE VERIFIED PROFILE

Role: Makeup Artist. **Representation:** Forward Artists, worldwide. **Base:** Los Angeles; travels globally for work. Forward Artists describes her signature as flawless, light-bearing skin with a hint of rock 'n' roll. She attended London College of Fashion and, according to her current agency bio, developed her technique under Charlotte Tilbury, Pat McGrath and Val Garland.

Current agency-listed clients: Ana de Armas, Jenna Ortega, Olivia Wilde, Kate Hudson, Karlie Kloss, Ruth Negga, Rosamund Pike and Natalie Portman.

Current public work index: Models.com lists 91 updates at the time of research: 46 editorial, 40 magazine covers, 4 advertising and 1 social-media project. This is useful as a discovery index, not as a substitute for original credits.

HOMEPAGE CONTENT

Hero name: MELANIE INGLESSIS

Hero descriptor: MAKEUP ARTIST

Secondary line: LOS ANGELES / WORLDWIDE

Suggested short intro (editorial copy, not a quote):

Mélanie Inglessis is a Los Angeles-based makeup artist known for luminous skin, refined glamour and a subtle rock 'n' roll edge. Her work spans celebrity, editorial, red carpet, advertising and motion.

Homepage project strategy: Lead with recent Jenna Ortega work because it is current, visually coherent and strongly associated with Mélanie's present creative identity. Then immediately broaden with Ana de Armas and other established clients so the site does not look like a single-client fan portfolio.

PRESS / AUTHORITY SIGNALS

Her official Forward Artists press page currently surfaces coverage around Jenna Ortega's Sundance beauty, soft-goth makeup, the 2025 Emmys, Wednesday premiere looks, Olivia Wilde, the Oscars and earlier celebrity work. It also lists on-camera appearances/tutorials including Klossy, Byrdie, Billboard and The Hollywood Reporter.

Press hub: <https://www.forwardartists.com/makeup/melanie-inglessis-press>

2026 trend authority: Vogue quoted Mélanie discussing the return of alternative/goth-inspired eye makeup in its 2026 eye-makeup trend coverage. <https://www.vogue.com/article/eye-makeup-trends-2026>

This is useful for the About page: she is not only a celebrity technician; current beauty media also uses her as an expert voice.

ABOUT PAGE - SOURCE-BACKED COPY

Recommended version for the concept:

Mélanie Inglessis is a Los Angeles-based makeup artist whose work moves between celebrity, fashion, editorial, advertising and film. Known for luminous, light-bearing skin and a refined edge, she studied at the London College of Fashion before developing her technique alongside leading artists including Charlotte Tilbury, Pat McGrath and Val Garland. Her current client roster includes Ana de Armas, Jenna Ortega, Olivia Wilde, Kate Hudson, Karlie Kloss, Ruth Negga, Rosamund Pike and Natalie Portman. Represented worldwide by Forward Artists, she continues to work internationally.

Do not publish as a direct quote. This paragraph is an MB Studio synthesis of the current Forward Artists bio. If the concept is handed to Mélanie, invite her/Forward Artists to approve or replace the biography.

RECOMMENDED 8 PROJECTS FOR THE EXISTING GRID

If the template currently has exactly eight project slots, use this first pass in this order:

1. Jenna Ortega / Esquire U.S. / 2026
2. Jenna Ortega / Vogue Mexico / 2025
3. Jenna Ortega / 24 Goth Hours / Vogue / 2025
4. Ana de Armas / WWD Weekend / 2025
5. Jenna Ortega / The Cut / 2025
6. Netflix x Wednesday S2 / 2025

7. Jenna Ortega / Wednesday S2 World Premiere / 2025

8. Ana de Armas / No Time to Die Premiere / 2021

This gives the homepage a current 2025-2026 core while still showing breadth. If the design can support 12+, add Sundance 2026, Actor Awards 2026, Met Gala 2025 and one motion/commercial project.

CURSOR IMPLEMENTATION RULES

1. Preserve the existing visual system, transitions, responsive behavior and animation unless a content change requires a small layout adjustment.
2. Replace fake content globally, including metadata, alt text, project slugs and hidden mobile/menu text.
3. Use one structured project data source rather than duplicating strings across components.
4. Every project must have: title, client/talent, category, year, hero asset path, optional gallery, credits, source URL, and alt text.
5. Never infer missing credits. Omit unknown fields.
6. Keep accents in “Mélanie Inglessis” in visible copy; use ASCII-safe slugs such as melanie-inglessis.
7. Remove all fake email addresses, phone numbers, studio names and social links.
8. For a private concept build, add a discreet footer note such as “Independent portfolio concept. Imagery credited to respective creators/publications.”
9. Do not claim the site is official or endorsed by Mélanie or Forward Artists.
10. Prioritize mobile presentation because the outreach link is likely to be opened from LinkedIn/Instagram on a phone.

END NOTE

This brief intentionally favors verifiable, recent work over trying to reproduce Mélanie’s entire career. The strongest concept is a curated portfolio, not an exhaustive database. Before any public launch, Mélanie/Forward Artists should approve biography, project selection, credits, contact routing and image usage.
